

Tasty treats

It's a beautiful day. All the animals enjoy the warm sunshine. **Giraffe** stretches out her long neck to reach the tender leaves in the tree. **Rhino** prefers to eat fresh grass off the ground. But **Lion** isn't hungry yet. With a loud roar, he tries to scare Rhino and Giraffe. **Crocodile** wants to hide from the other animals. *Can you find Crocodile?*

The **Zebra family** is standing happily together. They're grazing on the spot where the tastiest grass grows. Two little zebras are drinking from a big puddle.

But they have to watch out for **Crocodile**.
He's trying to hide underwater.
Do you want to warn the zebras about Crocodile?
