Can you recognise the flowers that Vincent van Gogh painted? Or Rembrandt's self-portraits? This great memory game comprises 50 cards showing paintings by 25 famous Dutch Masters. Recognise the artists from their styles and try to guess which different paintings were made by the same person. Train your memory while at the same time learning about the maids painted by Vermeer, the wonderful seascapes of Hendrik Willem Mesdag, early paintings by Piet Mondrian and the household scenes by Jan Steen.

An interesting and educational game for all ages!
