THIS BOOK BELONGS TO:

INTRO

Welcome to your Club Kokoro Color Swatches!

One of the best parts of coloring is discovering new color combinations, creating beautiful blends, and finding the perfect marker or pencil for every coloring page. This book helps you keep track of all the colors, blends, and patterns you use, so you can easily continue a coloring page another day or revisit your favorite color palettes whenever you need inspiration. Because let's be honest... remembering exactly which colors you used last time can be surprisingly challenging!

That's why we created this swatch book: your personal color companion. Use it to build your own color library, experiment with new combinations, and keep track of your favorite colors, blends, and patterns so they're always ready for your next coloring adventure.

Color Charts

Swatch your complete marker collection and discover how each color really looks on paper. Marker caps can sometimes be surprisingly different from the actual shades, making it much easier to choose colors, build palettes, and find inspiration.

40 Color Palette Pages

Each coloring page has a matching palette page with space for up to 40 colors. Record the colors, blends, textures, patterns, and marker numbers you used, so you can easily continue coloring later or recreate your favorite color combinations.

Blends & Patterns Pages

Practice smooth gradients, experiment with color transitions, and explore different textures and patterns. Test new ideas, and create a collection of blends and patterns to use in future coloring projects.

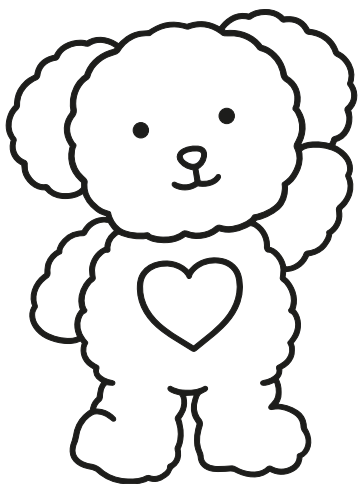

Fill these pages at your own pace and experiment freely. There's no right or wrong way to color! Over time, this book will become something truly unique: a colorful reference guide filled with your own favorite palettes, blends, and techniques.

Most importantly, have fun, stay curious, and enjoy every splash of color!

Coloring Page Swatch Sheets: Swatch every color you use on a coloring page, record your favorite blends, textures, and patterns, and keep track of your complete color palette. Perfect for pausing a coloring project and picking up exactly where you left off, or for saving your favorite color combinations and techniques for future inspiration.

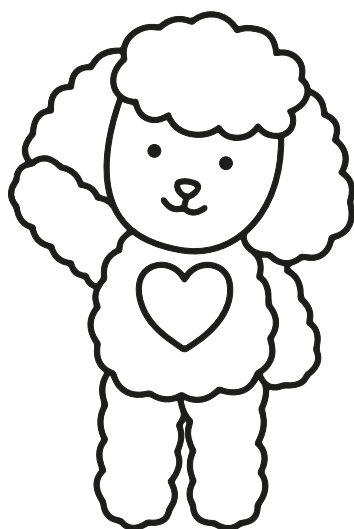

Blends & Patterns Pages: Practice and collect your favorite color blends, gradients, textures, and patterns for future coloring projects.

Extra Feature: The pages can be torn out and kept behind your coloring page, making it easy to continue your coloring session another day while keeping track of all the colors you used.

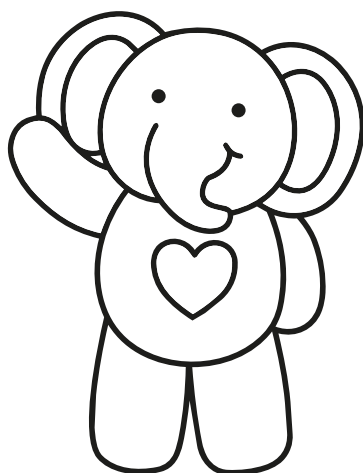

12 SWATCHES

12 SWATCHES

30 SWATCHES

40 SWATCHES

A grid of 48 empty boxes for writing, arranged in 6 rows and 8 columns. Each box is divided horizontally by a line, with the top half being larger than the bottom half.
