Introduction	5
<b>Part I Univariate, descriptive statistics</b>	<b>7</b>
Solution key for univariate, descriptive statistics	31
<b>Part II Univariate, inferential statistics</b>	<b>49</b>
Solution key for univariate, inferential statistics	61
<b>Part III Bivariate, descriptive and inferential statistics</b>	<b>71</b>
Solution key for bivariate, descriptive and inferential statistics	97
Data sources	121
Annex 1 Normal distribution right-tail probabilities with their z-scores	123
Annex 2 $t$ Distribution with their critical values for several confidence levels and right-tail probabilities	125
Annex 3 Chi-squared Distribution with their critical values for several right-tail probabilities	127
