The Winter Edition

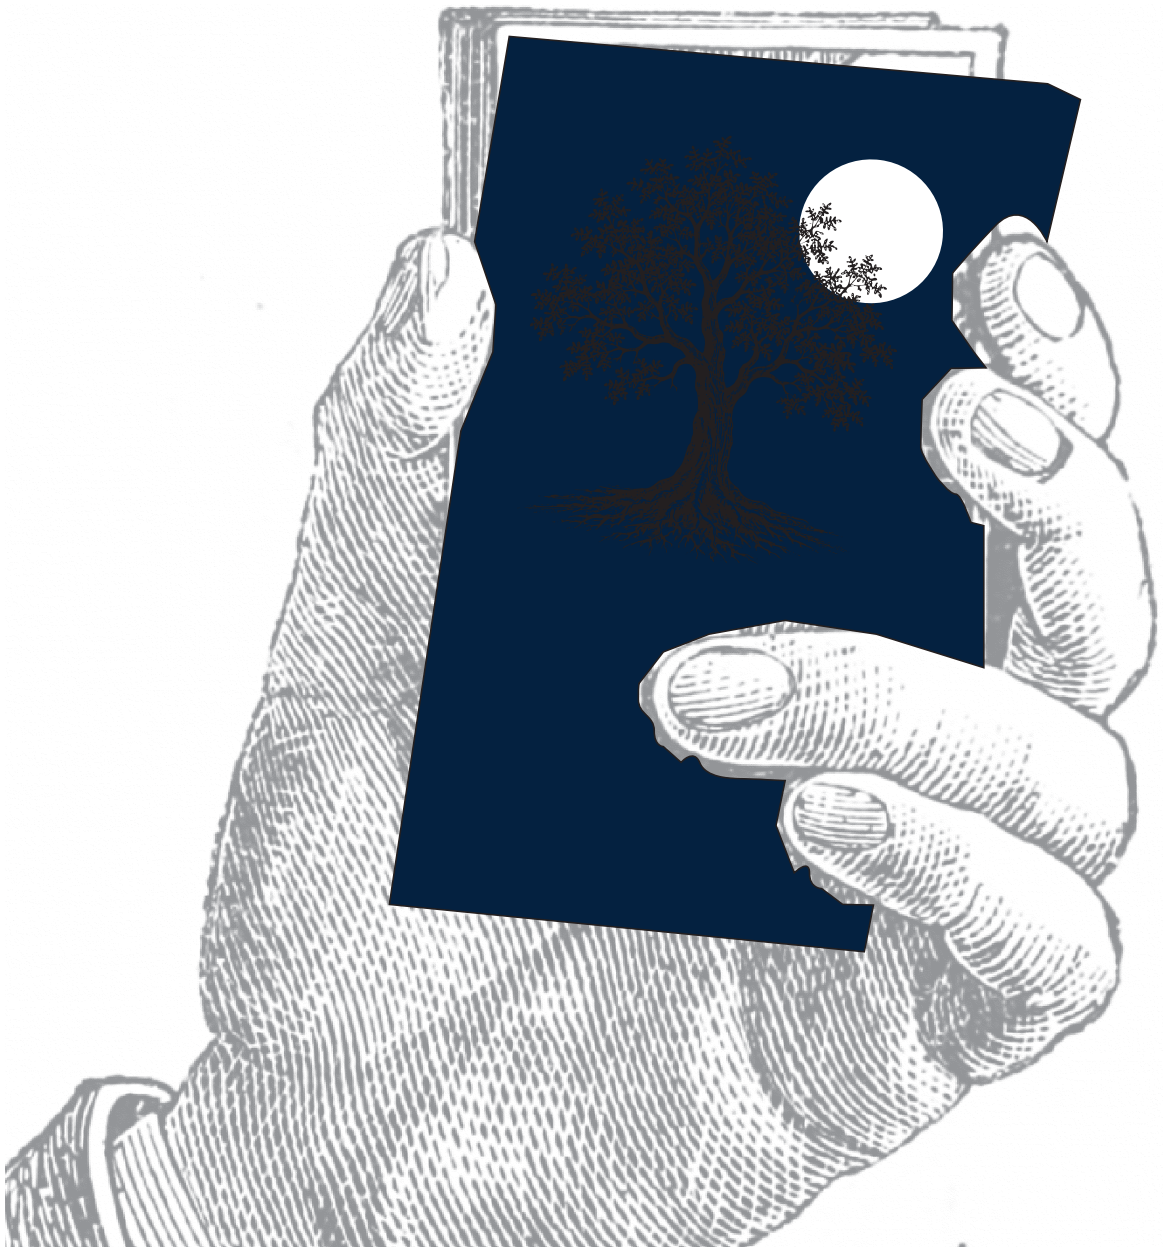

MARC WAGENBACH

And then there's only what has always been.

Present Day, Winter

The Twelve Nights – Rauhnächte

And then there's only what
has always been.

What the old ones always did at
the winter solstice –
the night when the gates to the
Otherworld open
and the undead and the spirits become visible,
when the unconscious steps out of
the darkness
and tells its own story.

They play
a game to
reshape
fate
.

THE
They play a game
to reshape fate

Kings come and go .
Empires rise and *fall* .

But time continues to flow and all
our earthly doings
are just the blink of an eye before
the river carries our souls elsewhere.

During the Rauhnächte the undead,
the living and the shadows join to
celebrate the birth of light,
affirm hope and rejoice in life's
triumph over death.

They play a game to reshape fate.

For silence.
Remembrance.
For hope.

To reshape the world.
To overcome darkness.
To begin the journey.

now

the time has come.
