*These words may mean nothing to you  
but they mean the world to me.*

In the end I don't seek approval  
with my writing,  
all I might be longing for  
is some understanding.

Selfless devotion is an art  
that only a few souls  
are capable of.  
When these souls meet  
you can see fireworks happening.

So many questions but I don't ask why.  
So I keep going and say goodbye.  
I rather detach from it all  
and keep following my path.  
Maybe one day  
the answers will find me  
before I'll find my peace in death.

Listen to the silent whispers  
that no one notice.  
Close your eyes and feel them  
like the sand between your toes.

I am only myself  
with a few souls on this planet.  
Those who's colorful souls  
compliment each other  
and together we create  
this masterpiece called life.

Love

It takes what it wants  
and goes where it wants.  
The only way to stop it  
is to be silent forever.

A few little stars were all  
that were left to guide her.

Lost on a cold winter night  
she broke down in the middle of the woods.  
While the wind cut straight through her  
and the snow froze her hair  
she felt the end was near.

And for the first time since years,  
she felt alive.

We are never what we say we are  
the words we speak cover secrets  
that only our subconscious know about.

Lost & found in my dreams  
but while awake  
not knowing who I am

I wouldn't be able to handle  
you setting me free  
and then  
leaving me alone.

An ode to you:

I will always have a place  
for you in my heart.  
You were brave enough  
to walk with me though  
the deep valleys of life  
and led the way up  
to where there is light.

So now and then I stand still  
and look down.  
With just one second away  
from giving up I feel your presence.

Your beautiful smile gives me courage.  
Courage enough to take another few steps on my way to the top.

You give me peace  
when my mind is stuck  
in the middle of a thunderstorm.  
You are my balance  
when everything seems out of control.  
You smile  
and everything feels all right.

Your name is carved  
on the scars of my heart.

If you only could hear  
the words that never  
leave my lips.

You have to sit in the dark for a while  
to be able to see  
the cracks that reveal the light.

I can fake a smile  
I can force a laugh  
If that is what you want  
just until I had enough.

All she wanted  
was to be able to leave  
her fingerprints  
on your heart.

She wants to leave,  
leave it all behind.  
She wants to seek silence  
in an abandoned place.  
She wants to see  
if the winter can make her feel  
even colder,  
if the summer sun could slowly  
unfreeze her frozen heart.  
And yes, she wants to find out  
if she would carry you  
with her to the end of the world.

The fading echoes of your name  
will never die.

The alcohol going down her veins  
leaves her confident enough  
to hide her insecurities.

When I'm high  
you drag me down.  
When I'm crying  
you are smiling.  
We're like the sun and the moon.  
The moon needs the sun to shine,  
but the sun doesn't need anything.

You swam with me through  
this stormy ocean.  
Until you decided you're not up for it  
and left me alone.  
You slowly disappeared  
in the grey clouds at the horizon.  
Now I'm struggling to breathe  
and will float wherever  
the waves will take me.
