Dear you,

At this moment, you are holding a part of my life in your hands.
A story of my soul. A story that, if flowers could speak,
would whisper to the bees.

This part of my life has led me to find what my soul was looking for.

I hope that, whatever it may be, you'll find it too.

With love,
Angga Nita

Move Forward

You must tell your soul
that they have hurt you
you must acknowledge it
only then
will you be able
to move forward.

He wanted rain
while I was a hurricane.

Earthly Gratitude

You expect me
to say thank you
for my body
appeals to your
human desires

and this is why
you and me
will never work

I do not answer to you
nor to any other man

As the only one
I am thankful for
is her

Mother Nature.

A Winter's Lament

I tried to plant
my magnificent roots
in your soil

bathed in hope
I expected that my flowers
would bloom
with their gracious and vivid colors

how could I forget
that trees cannot
grown on mountain tops

just as my love
cannot grow in such place
as your heart
that is colder than
winter.
