Beste ouder,

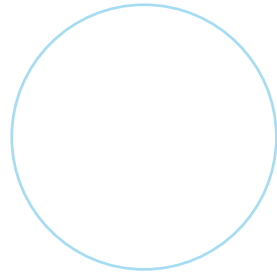

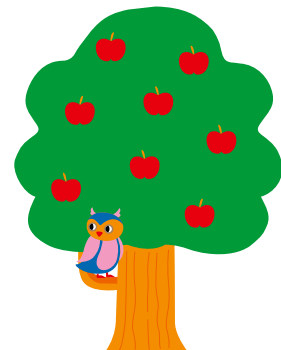

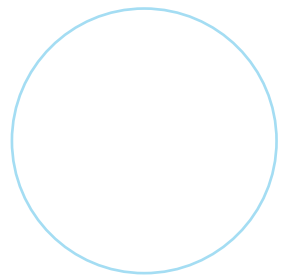

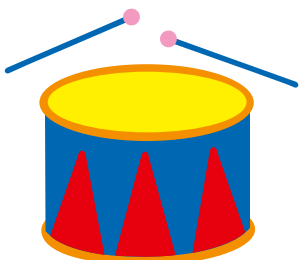

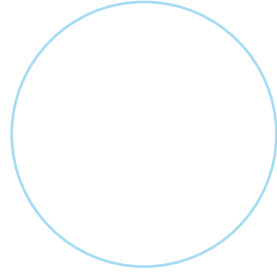

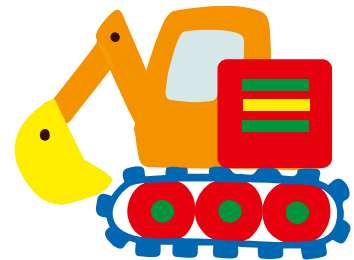

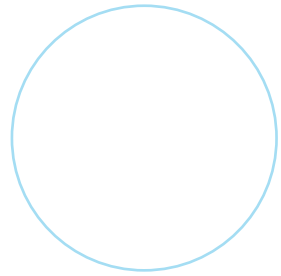

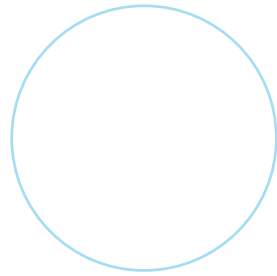

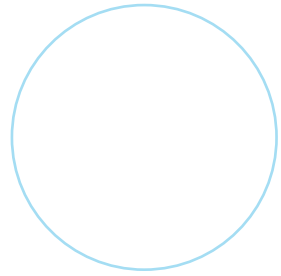

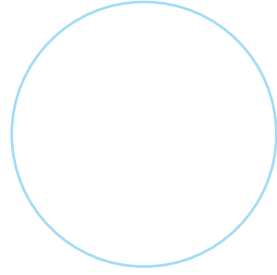

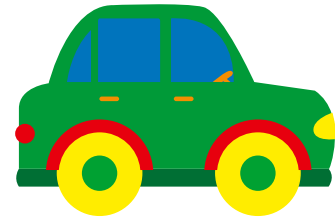

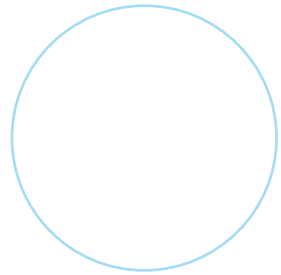

Dit stickerboek is onderverdeeld in verschillende thema's die in de kleuterschool aan bod komen: kleuren, tellen, schrijven, vormen, puzzelen, gevoelens en tekenen. Door de stickers op de juiste plaats te plakken en de spelletjes op te lossen, oefent je kind zijn fijne motoriek en schrijfvaardigheid. De vraagjes onderaan de pagina's gaan dieper in op elk thema en vergroten zo het begrip.

Plak de babydino's in het nest en de vliegende dieren in de lucht.

# Kleuren

Kijk goed naar de kleuren bovenaan.  
Welke kleur mist in elke tekening? Plak de juiste sticker.

Kun jij deze kleurensudoku oplossen door de juiste stickers te plakken? Elke kleur mag maar één keer voorkomen in elke rij, elke kolom en elk vierkant van vier vakjes.
