Victory....

The bio of author Jasmin Hajro, nice to meet you

Hello dear reader, how are you ?
Thank you for buying my book ...

My name is Jasmin Hajro,
I was born on July 6, 1985 in Bosnia.
As refugees, we came to the Netherlands 21 years ago.
After having completed school & worked at several jobs ...

On 17 December 2012, I founded my first company: investment firm Jasko.
After a successful first year, I unfortunately had to close that company. After a short period of rest,
unemployment and temporary work. I started again as an entrepreneur.

On September 1, 2015, I founded establishment Hajro.

(We say establishment instead of company,
because we do a bit more then just sell stuff.

Like providing jobs,
donating to 2 different charities,
and helping people to live richer.)

Since the beginning the core activity is,
selling sets of greeting cards, door to door.
Nowadays the product range has been expanded.

With, among other things, the selling of my 51 books.

For more information about my company

Victory

Hello again...

I am Jasmin Hajro,
and you just have read a few things about me
in my bio.

But you have bought this book because you
want to know the whole story.

My life story

I called it Victory,
because I have overcome a few things.

I am 32 years old and live in Doetinchem,
in the Netherlands.
I work as a salesman
on behalf of Hajro.
I sell sets of greeting cards,
gift mugs and booklets.

Part of the proceeds go to 2 Charities in the Netherlands.
One is voedselbank, the food bank, which gives groceries every week to people who have low
incomes..

And the other is stichting babyspullen, foundation babysupplies,
who gives families with low means and a baby coming,
supplies for the baby, like clothes.

I have experience with both, and trust them,
that they use the donations to really help people.

(When I wrote the first part of my lifestory, the Victory booklet,
I was still living with my mother in city Doetinchem,
In 2021 I was able to move out,
and since I am living on Asterstraat 7, in the little town Zelhem
in the Netherlands)

I now live in the Netherlands.

But on 6 July 1985 I was born in Sarajevo,
in Bosnia.

When I was a young child, we lived in Gora.
That is a village in Bosnia.
It is on a mountain.
A mountain village.

The view is great,
lots of nature.
Clean, fresh air.

I remember it as a happy time.

The house we lived in
was a kind of 2 houses under 1 roof.
Aunt Rahima had lived in the other part.
Until her own house was built.

My parents both worked,
and I went to Biba,

an elderly woman in the village,
that was my babysitter.

I remember she had an old-fashioned stove,
which worked on firewood.
And we placed unripe walnuts
behind the stove, to ripe.

Under our house,
you had a steep part of soil,

and below that a flat piece of land.

On that flat piece of land,
we grew vegetables,
potatoes and very small tomatoes.

There were also pear trees and walnut trees growing there.

My mother worked at Tas,
an automobile factory,
where they made or processed
small car parts.

I do not remember anymore
what kind of work my father did then ...
You notice that it has been a very long time ago.
I was always very happy to see him,
when he came home.
And asked once if he could work 2 days a week,
and be free 5 days a week.

My uncle Ibro lived close to us,
with Aunt Sevda and my nieces :
Sanela and Amela.
They had a red swing.
I have been swinging on it and went
as high as possible,
Until I got a kind of butterflies in my stomach feeling,
