This is Mimy

On all kinds of adventures with her best friend, Tommy the mouse. One day, Mimy overheard her owner, Lily, talking about the importance of saving money.

Mimy was very interested and ran to Lily. She meowed curiously and asked, "Lily, what is saving and why is it so important?"

Lily smiled and explained that saving means putting money aside for later. It can help to buy beautiful things that you dream of or to be able to afford unexpected things. Mimy became enthusiastic and decided that she also wanted to learn to save.
