Hey Hello
how is it going ?

Thank you for venturing out for the first time
to one of my books...
Or several times...

Well yeah,
It wasn't really going to happen...
This book..
You know.

It's such a loaded topic...

Well

Today I went to work...

I started a little late
and it snowed...

I made 4 sales
3 sets of UNIQUE greeting cards
and 1 gift cup
sold.

Unique indeed.

I finally have them.

Fortunately, people are happy with it,
because they buy them.

Have already sold more than 10 sets
and I'm only busy for a few days,
a few hours a day.

In any case, I'm very happy with it.
Because we have a Unique product.

I've always worked on it
to make Hajro company different and unique.
And a unique product helps enormously with that.

The past few days have been a bit strange.
I think someone sprayed something in my eyes
because I couldn't see well the other day.
Maybe I'll get diabetes...
I also became a number of times
static awake,
it looked like someone had tasered me.

Unfortunately, just after the greeting cards were delivered,
someone stole 1 box.
The one with the red letters,
which says congratulations.
I reported it to the police this afternoon.
