Hello

how are you doing ?

Are you curious about the secret to success ?

Thank you for picking up one of mine books to read.

My name is Jasmin Hajro

I am a war refugee ,from Bosnia,

I live for the past 26 years in the Netherlands.

I am an business owner,

my company Hajro sells greetingcards and giftmugs ,door to door
and the books that I have written online.

It donates to 5 charities.

For more info please visit www.hajro.eu

I have been writing for more than 10 years in journals,

somewhere in 2016/2017 I decided to publish my writings

and selfpublished my first book : Build your fortune

Since then I have written and selfpublished more than 50 books,

about 40 of them I have translated into english.

What defines me as an author , is that I talk from experience.

You can buy my books at www.jasminhajro.com

and many other booksellers , like amazon, barnes and noble, kobo.com and others

This will probably be a short booklet, something like a whitepaper and you will be disappointed.....

But you will learn the secret to success....

I am taught, when talking about competitors, to remain positive, so other companies that also sell greetingcards, my competitors, I am taught to say about them : good companies, with great products...
To be respectful
The same is to other authors and their books...

But I cant do that in this case,
sorry.

Do you know the secret ?
the book, the video.....
about the law of attraction

Do you know the book :
the Millionaire nextdoor
by T. Stanley and W. Danko

They interviewed 500 millionaires...

Millionaires are successful people, don't you agree ?

On one of its pages it says (and I quote)
'About two thirds of us (millionaires) work between 45 and 55 hours per week !

Why ?

Why would they work that much ?

Are they all crazy ?

When by the secret and the law of attraction ...

you can sit on your couch

and visualize success

and have it manifest

right....

So what is the secret to success, do you think ?

Apparently its in 45 to 55 hour workweeks, for many years

and after that Hard Work

comes Smart Work

and also

saving and investing

for many many years

There you have the real secret to success !

Before we begin.....

There should be something here

like : If you want to buy financial products, you should seek an professional.

Someone who works at a bank or whatever.

And the author is not responsible
for your decisions and money.

Which is bullshit.

Because even though it's a nice way
to prevent yourself from being sued.

It would mean :

That I do not believe in my work,
and in what I write.

So, that's not gonna be here.

If you want to sue me, go ahead.

But I will give you a guarantee :

If you are not satisfied with my book,
send it back to me.

And I will give you back the money,

and I have to do what I say

or write.

Because I have a good reputation

&

want to keep it good.

You should know that I write Nonfiction.

This is a reassurance for you.

Because I earn my money as a
salesperson.

I am not dependant on people buying my books.
And this means, that I don't have to make up
wonderfull stories & make false promises.

I write from my life & business experience.
Just the facts.

To give you the best experience,
there will be a short bio of me,
so that you get to know me a little better.

Then I will tell you how & why
this book came into existence.

Then you get to read the book.

And after that, you get your surprise,
which I included to overdeliver & delight You.

Hello dear reader, how are you ?

Thank you for buying one of my books.

My name is Jasmin Hajro,

I was born on July 6, 1985 in Bosnia.
As refugees, we came to the Netherlands 21 years ago.
After having completed school & worked at several jobs ...

On 17 December 2012, I founded my first company:
investment firm Jasko. After a successful first year,
I unfortunately had to close that company.

After a short period of rest, unemployment and temporary work.
I started again as an entrepreneur.

On September 1, 2015, I founded establishment Hajro.

(We say establishment instead of company,
because we do a bit more than just sell stuff.
Like providing jobs,
donating to 40 different charities,
and helping people to live richer.)

Since the beginning the core activity is,
selling sets of greeting cards,
door to door.
Nowadays the product range has been expanded.

With, among other things, the selling of my 23 books.

The royalties of my books are donated to the charity:
foundation Giveth Life.
From there more than 40 other charities
receive donations.
And by buying this book, so do you.
Thank you.

My company is now part of Hajro Group,
which consists of 19 different subsidiaries,
that are part of 1 umbrella organization.
Called Energy Now (Energie Nu)

For more information about my company
& the foundation, go to www.hajrobv.nl

How this book came into existence

In 2007 I started working at a restaurant,
as a dishwasher. I lived with my mother and
had no living expenses. I earned about
1000,- euro per month. So I had enough
money in savings. At my work I learned
to work in the kitchen & worked my way up.
Then I learned that my saving were not

actually growing with the interest,
because inflation was as high as my
interest.

I did a home course called Wiser with money.

Then home course Stock exchanges and
investing.

I read books on finance.

Somewhere I learned that for retirement :

If you live in a foreign country for a
couple of years or are an immigrant

When you retire, you will get a
pension cut.

Because you don't have a complete
employment history of 47 years.

This meant that my parents were
screwed, when they retire.

(Because they are immigrants,
and will only have worked in the Netherlands
for about 20 years.)

How would they survive with a half pension ?

When they're old and can't work anymore,
and when they should be enjoying life.

Then I decided to become rich.

I had to, so I can give them a decent
pension.

So I went on with educating myself on
finance.

Read more book on finance.

Started investing,
in mutual funds, bonds, stocks.

Made some profit & also lost some money.

No problem, I was learning.

But I was exhausting myself,
because I also worked fulltime in the
kitchen.

So I started looking for a better way,
that would cost me less time & energy.

And thru thinking about how to do it better.

I came up with a system.

When I started a company to invest
professionally for clients,

I applied for a patent.

To protect my financial system.

(It's kind out outside the intention of this book. But If you want to know what happened. My company Jasko had 1600,- euro in the portfolio. If I made a 20% return on that, I could pay the promised return to my clients, which I did, and buy a present for myself.

But it was not enough to make a living. And then I also had no clue about selling, which is required to get new clients.

And I had to close the company. Which hurted, because it was my baby. But I have the experience.)

Now I have received the patent
for my invention
the financial system.

You can see it at the next page.
