Before we begin.....

There should be something here
like : If you want to buy financial
products, you should seek an professional.
Someone who works at a bank or whatever.
And the author is not responsible
for your decisions and money.

Which is bullshit.

Because even though it's a nice way
to prevent yourself from being sued.

It would mean :
That I do not believe in my work,
and in what I write.

So, that's not gonna be here.
If you want to sue me, go ahead.
But I will give you a guarantee :

If you are not satisfied with my book,

send it back to me.

And I will give you back the money,

that you paid for it.

Guaranteed.

I am primarily a business man,

and I have to do what I say

or write.

Because I have a good reputation

&

want to keep it good.

You should know that I write Nonfiction.

This is a reassurance for you.

Because I earn my money as a
salesperson.

I am not dependant on people buying my
books.

And this means, that I don't have to make up
wonderfull stories & make false promises.

I write from my life & business experience.

Just the facts.

To give you the best experience,
there will be a short bio of me,
so that you get to know me a little better.

Then I will tell you how & why
this book came into existence.

Then you get to read the book.

And after that, you get your surprise,
which I included to overdeliver & delight
You.

The bio of author Jasmin Hajro, nice to meet you

Hello dear reader, how are you ?

Thank you for buying one of my books.

My name is Jasmin Hajro,
I was born on July 6, 1985 in Bosnia.
As refugees, we came to the Netherlands 21 years ago.
After having completed school & worked at several jobs ...

On 17 December 2012, I founded my first company:
investment firm Jasko. After a successful first year,
I unfortunately had to close that company.

After a short period of rest, unemployment and temporary work.
I started again as an entrepreneur.

On September 1, 2015, I founded establishment Hajro.

(We say establishment instead of company,
because we do a bit more than just sell stuff.
Like providing jobs,
donating to 40 different charities,
and helping people to live richer.)

Since the beginning the core activity is,
selling sets of greeting cards,
door to door.
Nowadays the product range has been expanded.

With, among other things, the selling of my 12 books.

The royalties of my books are donated to the charity:
foundation Giveth Life.
From there more than 40 other charities
receive donations.
And by buying this book, so do you.
Thank you.

My company is now part of Hajro Group,
which consists of 19 different subsidiaries,
that are part of 1 umbrella organization.
Called Energy Now (Energie Nu)

How this book came into existence

In 2007 I started working at a restaurant, as a dishwasher. I lived with my mother and had no living expenses. I earned about 1000,- euro per month. So I had enough money in savings. At my work I learned to work in the kitchen & worked my way up. Then I learned that my saving were not actually growing with the interest, because inflation was as high as my interest.

I did a home course called Wiser with money. Then home course Stock exchanges and investing.

I read books on finance.

Somewhere I learned that for retirement :
If you live in a foreign country for a couple of years or are an immigrant

When you retire, you will get a
pension cut.

Because you don't have a complete
employment history of 47 years.

This meant that my parents were
screwed, when they retire.

(Because they are immigrants,
and will only have worked in the Netherlands
for about 20 years.)

How would they survive with a half pension ?

When they're old and can't work anymore,
and when they should be enjoying life.

Then I decided to become rich.
I had to, so I can give them a decent
pension.

So I went on with educating myself on
finance.

Read more book on finance.

Started investing,
in mutual funds, bonds, stocks.
Made some profit & also lost some money.

No problem, I was learning.

But I was exhausting myself,
because I also worked fulltime in the
kitchen.

So I started looking for a better way,
that would cost me less time & energy.
