AUTHOR'S NOTE

Forty years of caring for lives. Forty years teaching about deliverance. Forty years of seeing results and hearing testimonies of victories. Forty years of practical experience of the power of deliverance that lies in the name of Jesus. And it is with this experience that I have written the content of this book, in accordance with everything that is taught at the Intensive Seminar on Healing and Deliverance (SILC).

SILC is based on the foundations of God's Word. It addresses deeply understood biblical principles of deliverance that will certainly change your story and that of your descendants. Many people have escaped death by applying the principles of deliverance taught in this course. Many have had their lives transformed. And we have countless testimonies that validate the truth of everything we teach. So I encourage you to believe that it will be no different for you, in Jesus' name. Dedicate yourself and study all this material very carefully.

The testimonies you will read are from people who have given

TÂNIATEREZA

me permission to tell them. I would also like to point out that, if you feel comfortable, you can share your own experiences with us by contacting us via our website: www.pastorataniatereza.com.

Spread this material to everyone you know who needs deliverance and can't be at SILC in person. Encourage people to sign up for the online course. Honor our ministry. Spread the Word of God.

My heart's desire is that, during this reading, we can advance together in the knowledge of God's Word. You will know the truth, and the truth will set you free.

God bless you and your home.

INTRODUCTION

Welcome to the first module of the Intensive Healing and Deliverance Seminar, in book format! The purpose of this material is to help readers understand where their spiritual blockages are, i.e. what happened at a certain point in their history that resulted in blockages so that God's blessings were not fulfilled in their lives.

The spiritual world is not mystical, as many people think. The spiritual world is legal (that is, governed by laws). And this is a book that will deal in depth with spiritual matters, based on the Word of God. Even if you already have a degree in theology and are a great Bible scholar, I urge you to open your mind and heart to receive whatever the Holy Spirit wants to minister in your life, because the Word is living (Heb 4:12). And if you are new to the faith, take advantage of this resource you have at hand to seek spiritual growth and maturity. It is written that it is by practice that we can discern both good and evil (Heb 5:14). So practice every principle you learn here.

My recommendation is that you read every page, highlighting,

writing and studying, always with the Bible in hand. I encourage you to read each chapter twice or more, in order to absorb as much knowledge as possible and get the most out of everything God has prepared for you. In addition, I advise you to pray before you start reading, because God's Holy Spirit can complete the revelation in your heart. The greatness of revelation is greater than the verbal ability to teach, because speech is limited to the intellect (in the soul) while revelation is given by the Spirit, since only spiritually can we discern spiritual things.

With that in mind, my SILC team and I wish you, dear student, a great read!

UNVEILING THE SPIRITUAL WORLD

"THE SPIRITUAL WORLD INTERACTS WITH THE NATURAL WORLD AND IT IS THROUGH MAN THAT SPIRITUAL BEINGS ACT."

Different from what many people think, man does not **have** a spirit, he **is** a spirit. When he dies, the body returns to dust and the spirit returns to God, who gave it (Eccl 12:7).

If man is a spirit, everything he does is first and foremost spiritual. That's why we can in no way be laymen about the spiritual world. It needs to be a known reality for us.

Many people believe that by giving their lives to Jesus and acknowledging him as Lord and Savior, they will automatically

TĀNIATEREZA

achieve an abundant, joyful and fulfilled life. But that's not the reality. Most of the time, after this surrender, people go through very difficult times, such as losses and aborted dreams (or projects). As a result, they feel like they're rowing against the tide, like they're swimming and can't get out of the water. But this is certainly not an action of Jesus. It is the enemy who kills, steals and destroys, not Christ.

" The thief does not come except to steal, and to kill, and to destroy. I have come that they may have life, and that they may have it more abundantly." John 10:10

Ignorance about the spiritual world makes us attribute all the bad situations that happen to us to "bad luck", or even to God. However, there is no such thing as luck or bad luck. There is the action of good (Kingdom of Light) and the action of evil (Empire of Darkness).

When Jesus prayed for us in the garden of Gethsemane, before being handed over to the guards to be crucified, he asked the Father to **deliver us from evil**.

"I do not ask that you take them out of the world, but that you keep them from the evil one." John 17:15

Notice that he didn't say "deliver them from misfortune, fate or the unexpected". And the same happens when he teaches his disciples to pray Our Father:

" And do not lead us into temptation, but deliver us from the evil

one" Matthew 6:13a

What is evil? An evil action, coming from the darkness, practiced by the one who came to kill, steal and destroy.

This truth shows us that there are two places in the spiritual world: (1) the Kingdom of Light (where Jesus reigns) and (2) the empire of darkness (where Satan rules). Satan is the spiritual leader of the demons and is free to act in the lives of all those who are trapped in the empire of darkness.

God even allows bad situations to occur in our lives, but only if there is a SPIRITUAL CAUSE, because a **curse** without a **cause** is not fulfilled.

EXAMPLE OF FLIES

If a dog goes potty on a balcony, for example, its droppings will attract flies. To scare them away, it's no use throwing some kind of poison or waving them around. They may even leave for a moment, but as long as the animal's feces are exposed, they will certainly come back again and again. So what needs to be done to eliminate the problem once and for all is to clean up the area.

Bringing it into the spiritual world, we'll call these "flies" demons and the "feces" sin. Demons are attracted to sins, which in turn are like open doors for the kingdom of darkness to enter. So it's no use uttering slogans or practicing intercession to get rid of these demons. What will do the trick is to completely remove the feces (sin) from that place.
