CATS.

Mysterious. *Majestic.*

Slightly unhinged.

Whether they're sprinting through the house at 3 a.m., judging your life choices from the fridge, or contorting into inexplicable shapes, cats have a unique gift for keeping us confused, entertained, and in love.

This book is a tribute to that chaos, with more than 40 hilarious, heartwarming photos that celebrate everything we adore (and can't explain) about our feline overlords. No cheap tricks or digital edits, just real, relatable cat moments in full absurd glory.

We've kept it simple: clean design, witty captions, and zero endless scrolling or pop-up ads. Perfect for your coffee table, bathroom, or as a gift for that one person who always shows you cat photos anyway.

Whether you're a lifelong cat parent or just mildly obsessed, may this book bring you the joy only a perfectly weird cat can.

When you thought
you had two lives left,
but you're down

to just one.

Rehearsing

my dramatic exits.

A close-up photograph of a light-colored Scottish Fold cat with distinctive yellow eyes. The cat is looking directly at the camera from inside a shiny, metallic-looking bag with a repeating starburst or sunburst pattern. The bag's opening is visible, and the cat's head and shoulders are inside. The background is a warm, out-of-focus brown.
