This book is a historical document!

By exposing the secret documents—which supposedly revealed the assassination attempt on presidential candidate Donald J. Trump on July 13, 2024, in Meridian, Pennsylvania—as fake, and by disguising them as a conspiracy involving JD Vance, Elon Musk, Rupert Murdoch, FOX News, AP, Thomson Reuters, and many more, the author, Dr. M.Sc. Roman F. Martinu, was able to outwit the intelligence agencies protecting Donald Trump!

He sent the book on April 13, 2026, directly to Governor Newsom and the three Attorneys General, Letitia James, Dave Sunday, and Jennifer Davenport, via the UK-based publisher Bookmundo!

**Dear Ladies and Gentlemen!**

I exposed the alleged assassination attempt on presidential candidate Donald J. Trump as a staged conspiracy, together with JD Vance, Elon Musk, Rupert Murdoch, FOX News, AP, Thomson Reuters and many more, supposedly carried out on Saturday, July 13, 2024, in Meridian, Pennsylvania! The assassination never happened, and Martinu provides irrefutable evidence that Donald J. Trump never held any of his campaign rallies in Meridian! Trump and his associates clearly manipulated the elections and won over the Christian electorate! This is unequivocally proven by the election statistics! In addition, he gained 24.7% of Christian voters from the group of non-voters. Trump did exactly what he accused the opposing side of doing in the 2020 election, and he incited the storming of the Capitol on January 6, 2021! He thus stole the election from Kamala Harris!

Thus far, it has been impossible for me to reach the relevant Attorneys General—Kamala Harris—or Governor Newsom:

You Governor Newsom, your entire office, all communication—online, phone, email, fax,. social media —was shielded from me. Likewise, Kamala Harris and the three Attorneys General and their offices and their governments! Letters were intercepted, even registered mail! Be extremely careful! You, Kamala, and the three state attorneys general are definitely under surveillance by the FBI, CIA, and NSA! They know I've tried everything to contact you! You're definitely being wiretapped, at least by phone! Absolutely do not use fax! Only send emails if they are end-to-end encrypted! Or you use Whatsapp!

At the end of the video, you will find discover Elon Musk's global fraud scheme involving Tesla!

Here is the secret behind it:

Forged lease agreements, loan agreements, or supply contracts represent receivables! These
