

## Welcome to Dance & Color: The Ultimate Michael Jackson Coloring Book!

This book was created to celebrate the timeless artistry, energy, and creativity of Michael Jackson — the King of Pop.

Each page invites you to relax, express yourself, and relive some of his most iconic moments through art.

As a lifelong fan, I wanted to share my admiration for Michael Jackson in a creative way that inspires others to explore their own sense of rhythm and imagination.

I hope this book brings you joy, calm, and inspiration.  
Just as his music has inspired millions around the world.
