Mama Africa: 2
My Things, Our World

A colourful journey through consumption, culture, nature and connection

A reading and activity book by teacher Nana Fofi

Welcome, World-Maker!

Have you ever wondered where your T-shirt, phone or chocolate bar comes from? Things often travel a long way before they reach us. They may need raw materials, water, energy, people's work, factories, transport and shops. Consumption means what we buy, use and throw away.

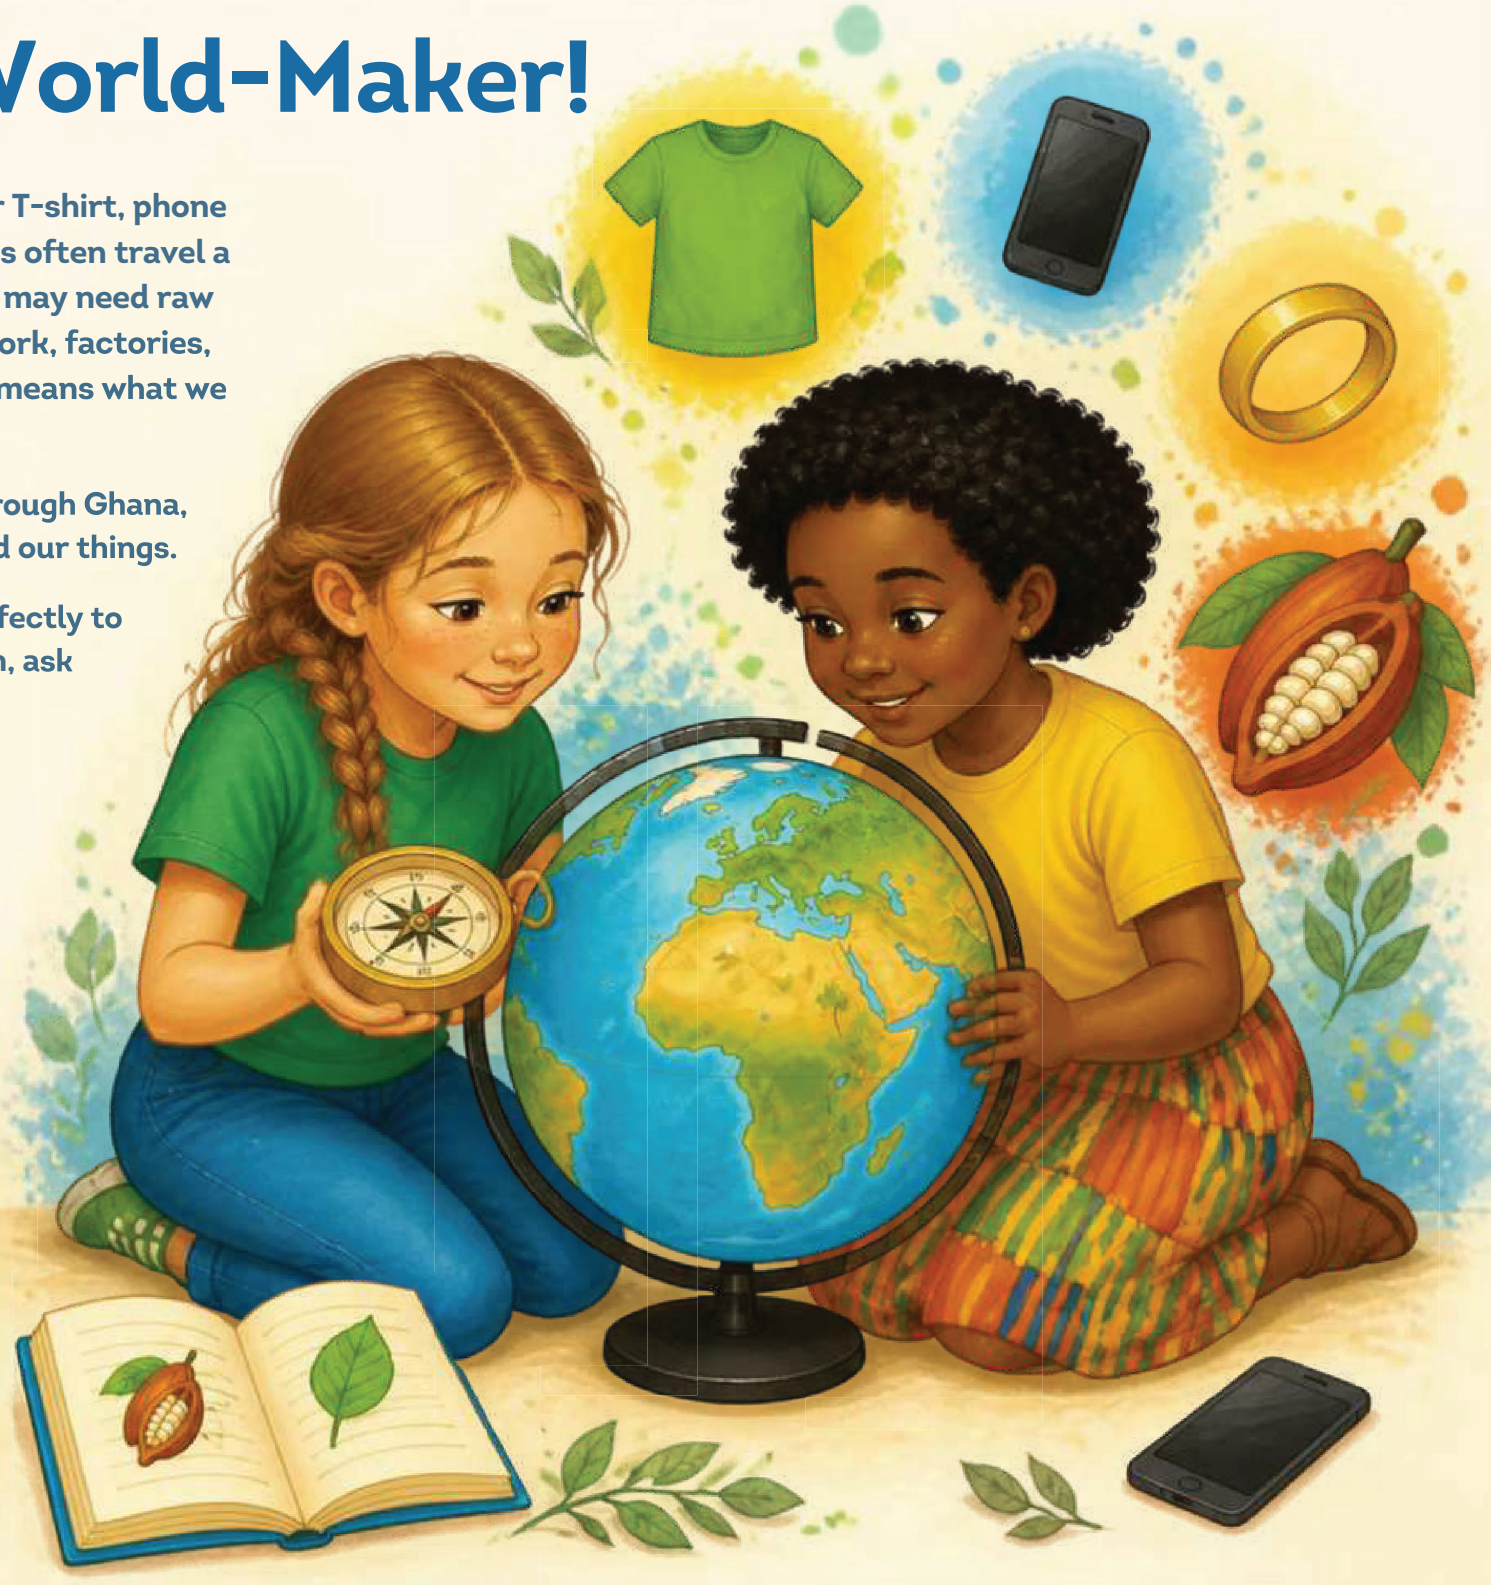

In this book, Noor and Ama travel through Ghana, the Netherlands and the world behind our things.

You do not have to do everything perfectly to make a difference. Children can learn, ask questions and make small choices.

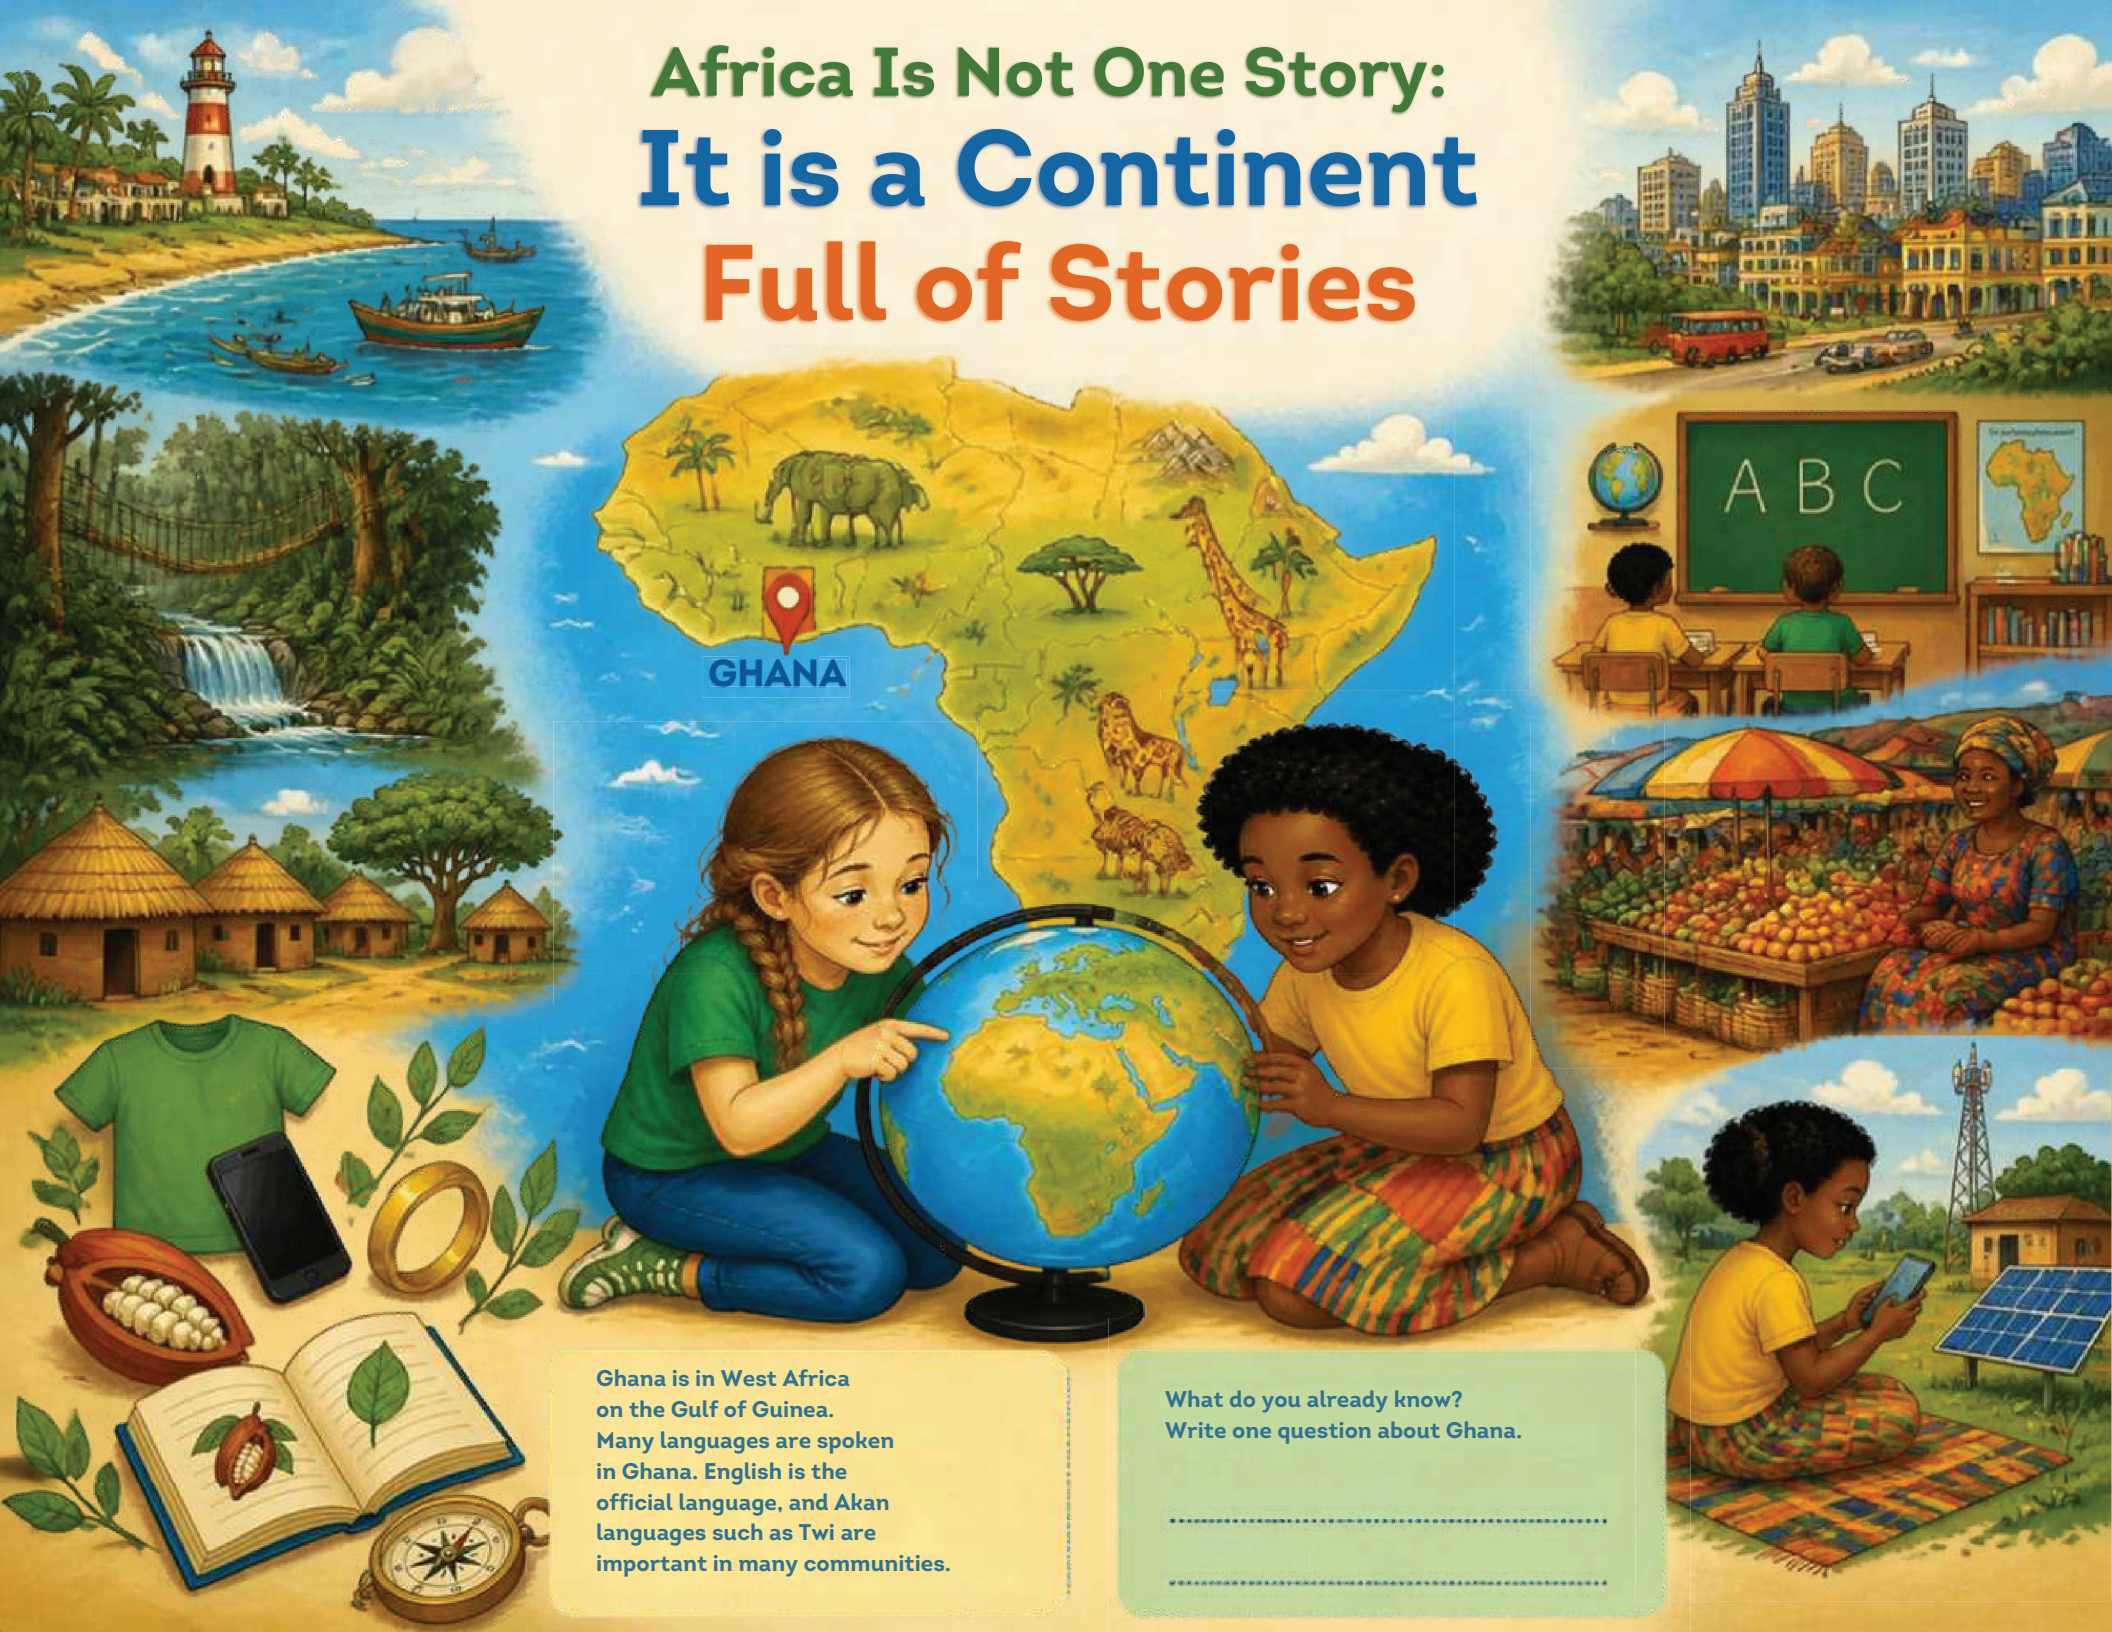

Adults, companies and governments also have responsibilities.
