books.mathcardo.com

About this Book

This book contains practice worksheets for addition. It starts with the smallest sums a child can do (1 + 1, 1 + 2, 2 + 3, ...) and works up in size and difficulty until the last pages are four-digit column sums.

The skills are in the order they are usually taught: single-digit sums first, then two-digit sums that do not need carrying, then sums that do, and then mixed sums where the child has to work out whether a column needs carrying. Every level comes with five worksheets, one for each day of the school week.

Other MathCardo Books

01	**Addition**	From 1 + 1 to four-digit column addition
02	Subtraction	From 1 - 1 to four-digit column subtraction
03	Times Tables	Practice times tables from 1 to 12
04	Multiplication	From 1 x 1 to four-digit multiplication
05	Division	From 1 ÷ 1 to four-digit division
06	Fractions	Adding, subtracting and simplifying fractions

Answers

Every worksheet in this book has its answers in a separate answer book, free to download. It is the same book as this one just with the answers filled in.
