books.mathcardo.com

About this Book

This book contains practice worksheets for fractions. It starts by simplifying fractions to lowest terms, then by finding the missing number in a pair of equivalent fractions, and ends with adding, subtracting, and comparing fractions.

The skills are in the order they are usually taught: simplifying first, because cancelling down is what everything else is built on; then equivalent fractions, the same idea backwards; then adding and subtracting fractions that share a denominator; then those that do not share a denominator; and finally comparing two fractions. Every level comes with five worksheets, one for each day of the school week.

Other MathCardo Books

01	Addition	From 1 + 1 to four-digit column addition
02	Subtraction	From 1 - 1 to four-digit column subtraction
03	Times Tables	Practice times tables from 1 to 12
04	Multiplication	From 1 x 1 to four-digit multiplication
05	Division	From 1 ÷ 1 to four-digit division
06	**Fractions**	Adding, subtracting and simplifying fractions

Answers

Every worksheet in this book has its answers in a separate answer book, free to download. It is the same book as this one just with the answers filled in.

Table of Contents

01 Simplify Fractions: Cancel To Lowest Terms (Basic) 7

02 Simplify Fractions: Cancel To Lowest Terms (Harder) 12

03 Equivalent Fractions: Fill In The Missing Number (Basic) 17

04 Equivalent Fractions: Fill In The Missing Number (Harder) 22

05 Same Denominator: Adding Fractions (Basic) 27

06 Same Denominator: Adding Fractions (Harder) 32

07 Same Denominator: Subtracting Fractions (Basic) 37

08 Same Denominator: Subtracting Fractions (Harder) 42

09 Different Denominator: Adding Fractions (Basic) 47

10 Different Denominator: Adding Fractions (Harder) 52

11 Different Denominator: Subtracting Fractions (Basic) 57

12 Different Denominator: Subtracting Fractions (Harder) 62

13 Comparing Fractions: Which Fraction Is Bigger (Basic) 67

14 Comparing Fractions: Which Fraction Is Bigger (Harder) 72
