books.mathcardo.com

About this Book

This book contains practice worksheets for multiplication. It starts with small products such as 2 × 1, 3 × 2, and 3 × 3, and works up through two-digit and three-digit multiplication, all the way to long multiplication with multi-digit answers.

The levels are in the order they are usually taught: single-digit products first; then easier two-digit by one-digit multiplications, where there is only one step to work out; then the harder ones, where the partial products have to be added together. The same pattern is repeated for bigger numbers. Every level comes with five worksheets, one for each day of the school week.

Other MathCardo Books

01	Addition	From 1 + 1 to four-digit column addition
02	Subtraction	From 1 - 1 to four-digit column subtraction
03	Times Tables	Practice times tables from 1 to 12
04	**Multiplication**	From 1 x 1 to four-digit multiplication
05	Division	From 1 ÷ 1 to four-digit division
06	Fractions	Adding, subtracting and simplifying fractions

Answers

Every worksheet in this book has its answers in a separate answer book, free to download. It is the same book as this one just with the answers filled in.
