books.mathcardo.com

About this Book

This book contains practice worksheets for times tables. It has worksheets for every table from 2 to 12. Five worksheets for e.g. the 5 times table are followed by five worksheets with mixed calculations using the 2 through 5 times tables.

That order matters: the student first practices a new times table, then goes on to practice all previously learned times tables together with the new one. This book contains a total of 105 worksheets.

No Times Tables in this Book

The actual times tables are not printed in this book, and that is on purpose. This book is for practice: every multiplication should be done from memory, using what was learned in class and at home. Having the times tables printed in the book would incentivise students to look them up while finishing the worksheets, which is not what this book was designed for.

Other MathCardo Books

01	Addition	From 1 + 1 to four-digit column addition
02	Subtraction	From 1 - 1 to four-digit column subtraction
03	**Times Tables**	Practice times tables from 1 to 12
04	Multiplication	From 1 x 1 to four-digit multiplication
05	Division	From 1 ÷ 1 to four-digit division
06	Fractions	Adding, subtracting and simplifying fractions

Answers

Every worksheet in this book has its answers in a separate answer book, free to download. It is the same book as this one just with the answers filled in.
