Disclaimer:

(1) This is a work of fiction. Terms like "Minecraft", "World of Atlas", "Notch", "Discord", "President Obama" and "NASA" are fictional, and any resemblance to existing persons or organisations with similar names is entirely coincidental.
(2) This story refers to a fictional "World of Atlas" and issues that are particular to that environment, so that some aspects may not occur in other "Minecraft" environments, like for example emerald blocks and teleportation (tpa).
