

This booklet is designed for you to take to the service. To be able to go through and study the word that comes to you more closely. To live and experience. Praying and sighing sometimes, but with hope in the heart.

May the holy spirit take your hearts to all the praise and all the glory of our Savior, the Lord Jesus. May you wear this booklet with warmth under your heart. And you can use it to the greatest memories. And to bless your life.

Blessed services.
