

My Heart's Home: a special booklet about true love

The most beautiful thing about love is that it can last forever. True, real love not only weathers every storm, but rises stronger from every battle. My Heart's Home is a beautiful collection of short texts to capture and celebrate true love.

*They asked: Is she the one?
As if I didn't know you were the one when the first
moment, I laid my eyes on you. From that moment
everything changed. Time seemed to stand still,
and that stillness was only you. Your smile, your
laugh, the way you see the world. It was as if I
have been living in black and white and suddenly
everything was in color. All because of you. They
say when you know, you know, And I knew.*

Certainty

I knew from the way my heart seemed to recognize you as if I have been waiting for you all along and when you looked at me it was like coming home. Love isn't always about poetic words. Sometimes it's just a look, a feeling, a certainty. That's what I felt with you, A certainty!

My choice

My heart doesn't just love you. It chooses you. If love is a choice. Then I choose you every day in every way. No matter how many lifetimes we live. It is not just the beautiful moments that make this love real. It's the hard ones too. It's the times we hold each other, when words aren't enough. When silence speaks louder than anything we could say. When you silently say I am here more than any promise could. In a world of endless possibilities, I would be there a thousand times. With you love isn't about perfection. It's about the quiet certainty that no matter what. You're the one I want by my side. I feel this choice in every sunrise and in every heartbeat. And even if life offered me every love in the world. I'll find my way back to you.
