100 puzzles to learn Albanian words, with English translations and solutions

How it works

Find the words in the grid. They run in a straight line, without gaps.

Below each puzzle you see the word in Albanian, followed by the English translation. So you learn what you are looking for as you go.

In the grid, words appear in capital letters. So you look for *qen* as **QEN**.

There are five levels. Each level goes through all twenty themes, with a bigger grid and more directions:

1. **Level 1** · 10 × 10 · 10 words · left to right and top to bottom
2. **Level 2** · 12 × 12 · 12 words · also diagonally down
3. **Level 3** · 13 × 13 · 15 words · also diagonally up
4. **Level 4** · 14 × 14 · 17 words · also backwards
5. **Level 5** · 15 × 15 · 20 words · all eight directions

Tip: tick off each word you find. The solutions are at the back of the book.
