Blank to thank

Having a blank mind is good
if you wish to create
I always find the canvas white
before I start with paint
Before the dots before the lines
I'll happily state
I'll make a start and try so hard
to make my words like faith

To speak my Truth I can conclude
Having an open mind
Is no less but good and think it would
Perhaps only do you right
Making art that sets apart
should never be a fight
So if you're stuck and out of luck
Go back to roots you might

Met myself

Sometimes I'm busy with paths to find
I can't help but walk ahead
I feel like I have left behind
And I'm so sorry that I left
A part of me I surely mind
But you know the place I'm at
So I would like if you swing by
And then it's me again you've met

The fact I am going this far
Would make the old me proud
I just kept walking and need no car
I know that it all be found
A path without the pain or war
A path that does astound
To the place we one day are
To walk until unbound

Good Glory

I won't say nothing positive
If the negative reversed
By using it twice as it is
To itself it would turn
It's funny how the opposite
For all the good words work
The greats had only provided
By making the curse cursed

But good just doesn't work like that
The good will stay itself
No good doubles itself in fact
As the good is good help
I'll say good until it's perfect
In good spirit in good wealth
I'll better good with step by step
As good is good for health
