

Lavinda is a princess, a royal little sprite.
Her life is nearly perfect—each day is a delight!

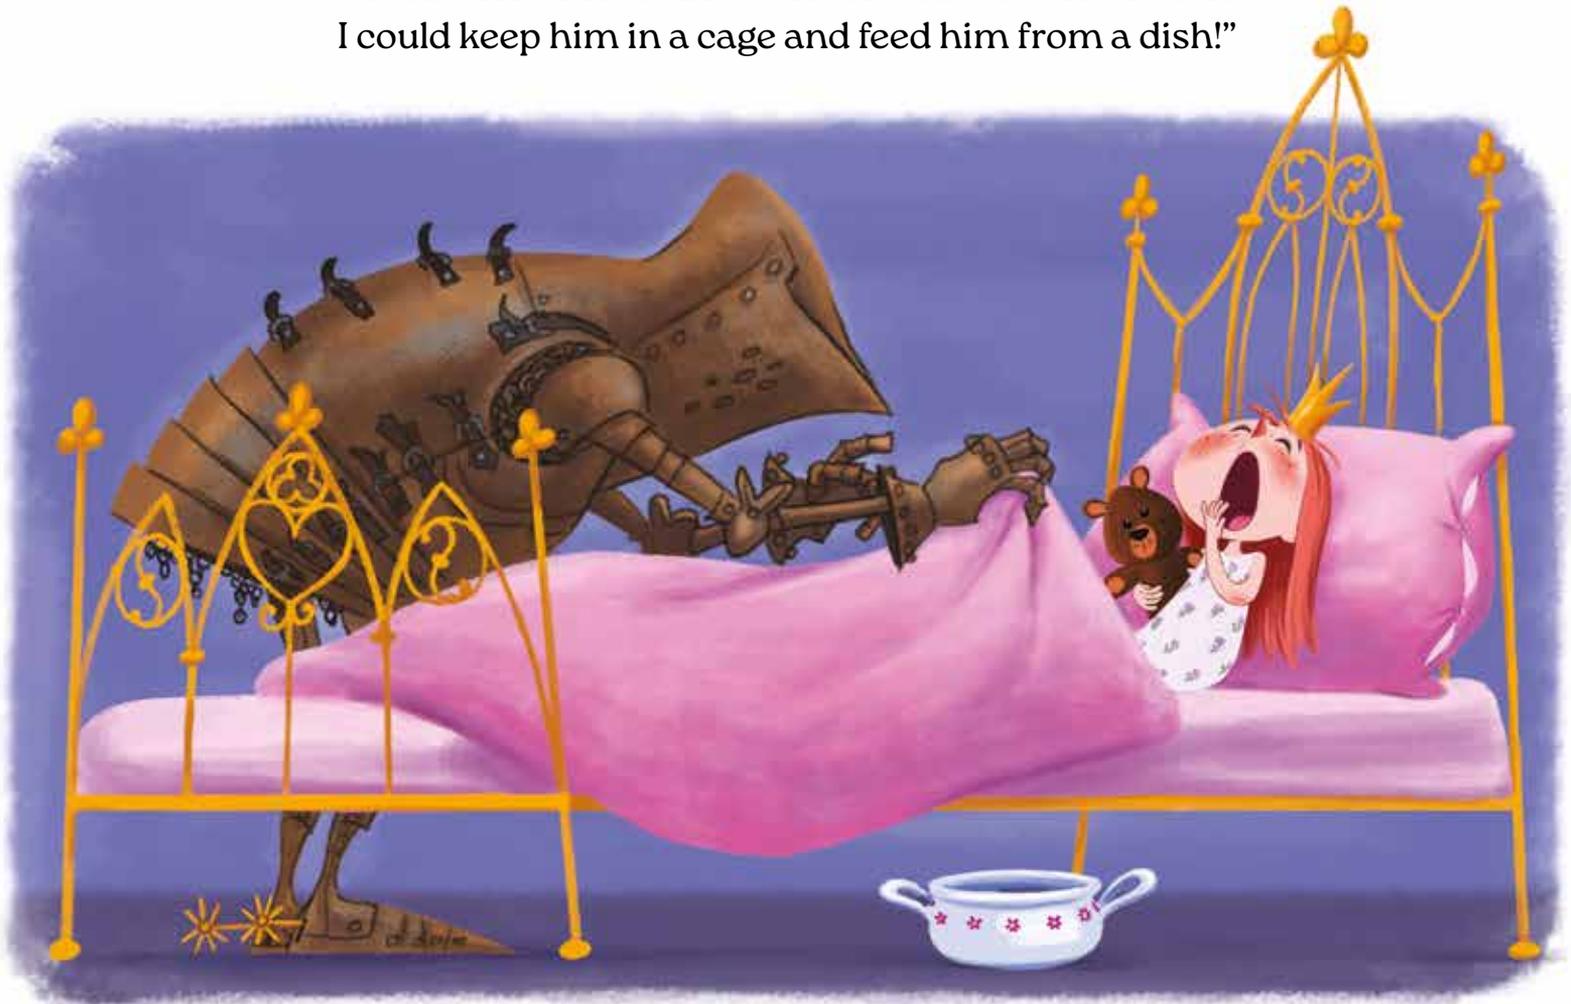

What Lavinda wants, Lavinda gets.
There's never any doubt.
A knight is always at her side
to make sure that she won't pout.

It doesn't matter what she wants;
the knight is always kind.
Even when the day is done,
and she's got more in mind.

“A unicorn with a rainbow mane! That is what I wish.
I could keep him in a cage and feed him from a dish!”

The trusty knight heads out at once
beneath the moon's soft glow.

By daylight, he's right back at home—
a unicorn in tow.
