Lola can't hold it any longer. She really has to pee!
She jumps out of bed, dashes to the bathroom,
and quickly shuts the door behind her. But then . . .

HEE E LLOOOO!!!

. . . someone says hello to her from the shower!

AAAAAHH!!!!

THE LIFE OF WHALES

TO SPEAK WHALE

SHAMPOO

Lola screams so loud that the whole house jiggles like a bowl of Jell-O.

Mom and Dad wake up with a start. They hurry to the bathroom. "Who left this whale in here?" Lola's dad wonders. He's usually the one leaving his stuff lying around everywhere, but this time he had nothing to do with it! *I must still be asleep,* thinks Lola's mom. She pinches herself to make sure she isn't dreaming.
